MUHAMMAD BILAL

CYBERSECURITY GRADUATE | ANDROID SUPPORT | APPLICATION TESTING

Lodhran, Punjab, Pakistan • ballimalik221@gmail.com • +92 305 6491896

PROFESSIONAL PROFILE

Cybersecurity graduate with hands-on experience in Android technical support, device-management troubleshooting, application installation and removal, and QA-related testing. Comfortable investigating technical issues, documenting findings and coordinating with teammates. Also brings freelance experience in e-commerce product listings, visual content creation and digital outreach.

CORE COMPETENCIES

Android support ADB/LADB, remote Rescue support, device settings, application installation, updates and removal.

Device management MDM-related troubleshooting, enrollment questions, software compatibility, accessibility and developer options.

Testing and diagnostics Reproducing issues, version checks, Windows Registry checks, install/uninstall validation and command-line troubleshooting.

Documentation Zoho case records, technical notes, test outcomes, team communication and escalation.

Digital commerce Shopify listings, Amazon product images in Canva, product video editing in CapCut and Google Sheets.

ANDROID TECHNICAL SUPPORT & QA-RELATED EXPERIENCE

Android Technical Support & QA-related Work

Organization and employment dates — to be confirmed

- Troubleshoot Android application installation, update and removal issues through remote-support and ADB/LADB workflows.
- Assist with device configuration and investigate Android version compatibility, accessibility settings, developer options and application behavior.
- Support investigations involving mobile device management, enrollment and device-management issues.
- Reproduce reported problems, record troubleshooting steps and document case outcomes in Zoho.
- Coordinate with teammates and escalate issues that require additional developer investigation.

E-COMMERCE & FREELANCE EXPERIENCE

Shopify Product Lister

Self-employed | 2024 | 6 months

- Prepared Shopify product listings with organized titles, descriptions and product categories.
- Worked on e-commerce product presentation, including creating Amazon product images in Canva.
- Edited product-specific videos in CapCut for uploading to Amazon store listings.

Freelance Video Editor

Self-employed | 2024 | 3 months

- Edited short-form videos, including “cash cow”-style content, with attention to pacing and presentation.
- Selected and organized material and refined cuts for clear video storytelling.

Digital Marketing Assistant

Self-employed | 2024 | 3 months

- Supported cold-email campaigns by drafting outreach content.
- Assisted with maintaining and organizing recipient lists.

FEATURED TECHNICAL PROJECT

Windows Application Testing Agent

Independent project | Under development and testing

- Working on workflows to test Windows application installation, uninstallation and version detection.
- Investigating package identifiers, installer outcomes and application deployment failures.
- Working with Python, Winget package manifests, Windows Registry checks and per-application result reporting.

EDUCATION

Bachelor of Science in Cyber Security

The Islamia University of Bahawalpur | 2021–2025

Academic foundation in network security, information-security principles, threat analysis and vulnerability assessment.
